Dear Ms. Hunt:

I have read the stories printed by the Dallas Morning News about my friend, Gilbert Aranza, and am extremely disheartened to see his character and hard work questioned in this way. In my experience, Gilbert is honest and always fair in his business dealings. He has always been an advocate for minorities and has furthered the City's efforts to give minorities and women more business opportunities. Certainly, he has done a great job as food and beverage concessionaire at Love Field.

Please **vote for** the food and beverage contract extensions and renewals at Love Field, as approved by the Transportation and Environment Committee by a 10-0 vote and as recommended by the City Manager's office. I know that the City staff works hard to be certain that its recommendations are in the best interest of the City of Dallas and trust that you will do what is right and vote to approve these contracts on June 23, 2010

Regards,
