Dear Mr. Neumann:

Please vote to approve the Dallas Love Field food and beverage concession contract extension and renewal as it was presented to and approved by the Transportation and Environment Committee in February, 2010. I am confident that the City of Dallas will benefit from that plan, which calls for Gilbert Aranza's company to remain at Love Field following the modernization of the airport. In view of the fact that an attractive concession package will be put out for proposal as well, I believe that all of the interests of the City will be best served by approving this plan.

Gilbert Aranza has been a friend of mine for over 25 years. We were in partnership in the restaurant business and I know him to be an excellent operator as well as one of the most upstanding citizens I know. The recent Dallas Morning News articles and presentations by Mayor Leppert have been inaccurate and misleading with respect to Gilbert, personally, his company, and the contract at issue.

Gilbert has worked hard to serve the passengers and guests of Love Field. He has done so while creating a company of dedicated and hardworking people who deserve to be able to continue in their employment. A majority of those employees are minorities and women. His company is a fine example of minority business at its best and Dallas should continue to encourage the work of those companies.

Sincerely,
